Dear Mr. Burrows:

We are pleased to send this letter to you as confirmation of your reception of the station. WFNC operates full-time with a daytime power of 10,000 watts, and a nighttime power of 1,000 watts non directional day and nite.

The station is a CBS affiliate and serves a 50 mile radius coverage area. Our sister station is WQSM-FM (Q98) located on 98.1 Mhz with 100 KW ERP.

We receive many reception reports, the most distant being from Finland. And as you are aware, late autumn and winter are the best months for DX-ing the broadcast band.

Wishing you continued success in your hobby we remain,

Sincerely,

CAPE FEAR BROADCASTING COMPANY
